## Statement of compliance

This letter presents the preliminary results for equipment ITS-DX4020-G Security Panel manufactured by UHS Systems Pty Ltd

The equipment has been tested at TRL Compliance Ltd, Lancashire and found to comply with the following test standards:

ETSI EN301 489-7 V1.3.1  
ETSI EN301 489-1 V1.3.1

EN50130-4:1995 +A1 and A2

FCC CFR47 Parts 15.107 and 15.109 Class B

Equipment setup and operating modes were as per test plan Doc No: UHS205200-ET.

Modifications to the equipment were carried out during the testing and these will be detailed in the technical report(s) that will follow in due course.

Full equipment description, equipment setup, operating modes, test detail and level will be given in the technical report to follow.

Yours sincerely

Jason Longley  
TRAC-TRL.
