# ICP-AMAX3-P1 Intrusion panel, en/pl/tr/hu

www.boschsecurity.com

- ▶ 32 zones / 8 areas / 128 user codes
- On-board voice dialer
- Macro functionality
- USB direct connection

This hybrid panel is designed for residential and small to medium-sized businesses. It offers 32 zones and 8 areas and comes with an enclosure and a transformer. An on-board PSTN dialer transmits an alarm via the common telephone network to a phone and / or a communication center while at the same time a voice message is sent to the owner's landline or mobile phone to inform him about an intruder's presence. Commissioning the system is simple and involves minimum programming: the default settings already cover 90 % of the available functionality. Programming can either be done via the AMAX TEXT, LCD and LED keypads or via the programming software (A-Link Plus).

The intrusion system can be used with both RADION wireless peripherals, operating at 433 Mhz and hardwired detectors from Bosch.

# Functions

#### **Basic functions**

- Keypad code STAY / AWAY arming
- One button STAY / AWAY arming
- On-board dialer with CID / SIA transmission format. Voice dialer transmits up to 4 recorded messages to landline/mobile phones in case of an alarm. Messages can be recorded with A-Link Plus and sent to the control panel with the remote programming software A-Link Plus
- 16 weekly schedules with the option to add exceptions in the calendar
- 3 programmable macros: several single functions from the keypad are combined to one customer macro function, can be executed by pressing one button
- Remote maintenance operations (e.g. walk test, bypassing)
- Installer can enable the service mode for comfortable programming without having alarms or outputs triggered
- In multi-area set-up (direct and multiple arming), "area status" is displayed
- Area name is displayed on the master or area text keypad
- 4 on-board outputs (two monitored)
- Up to three output event types can be configured for one physical output
- Every zone except zone 1 can be used with four-wire fire detectors
- Any zone can be used for chime mode (door bell)
- Any zone can be used to detect a sensor tamper (DEOL)
- Zones can be bypassed by name
- Test mode for outputs and zones

# **Optional functions**

- Wireless devices (433 MHz) RADION from Bosch
- Zone inputs on extension modules (with DX2010)
- Relay outputs on extension modules (with DX3010)
- Connect outdoor sirens and IP cameras to an optional 8 relay module (DX3010)
- · Programming key
- Arming, bypassing, isolating, operating outputs and inquiry with the RSC+ app on mobile devices (with the B426-M or the B450-M with B442 or B443 modules)

#### **Optional alarm transmission**

- IP communication with Bosch Conettix IP, SIA DC09 UDP and SIA DC 09 TCP protocols via B426-M and B450-M with B442 or B443 modules
- GPRS communication with Bosch Conettix IP, SIA DC09 UDP and SIA DC 09 TCP protocols via B450-M with B442 or B443 modules

#### **Optional remote programming via A-Link Plus**

- IP communication (B426-M and B450-M with B442 or B443 modules)
- GPRS communication (B450-M with B442 or B443 modules)

# **Communication with Bosch Software Packages**

The AMAX system can communicate with the following software packages:

# **Remote programming software A-Link Plus**

The AMAX system can be accessed and programmed via the remote programming software A-Link Plus. All control panel and status information are accessible and an operation of the AMAX panel from a remote location is possible.

A-Link Plus can connect to the AMAX panel via USB, IP or modem.

#### **Compatibility information**

Basic
-------

24010	
PSTN communicator (integrated)	Formats: Contact ID, SIA DC 03
Magnetic contacts	All magnetic contacts, including recessed, terminal connection, miniature over-head door, and surface mount.
Intrusion detectors	All conventional intrusion detectors, including Blue Line, seismic, PIR, TriTech, photoelectric and TriTech PIR Microwave.
Four-wire smoke detectors	Conventional 12V smoke, heat and photoelectric smoke detectors.
Optional	
Zone	DX2010 zone input module
Relays	DX3010 output module
IP communicator	B426-M and B450-M with B442 or B443 modules
GPRS/GSM communicator	B450-M with B442 or B443 modules
Wireless devices	All RADION devices

Assorted literature is available. Refer to the appropriate datasheet, brochure, and installation manuals for additional data.

Availability varies according to sales region.

# **Certifications and approvals**

Region	Regulatory compliance/quality marks	
Germany	VdS	H116003 [AMAX 2100/3000, RFRC- OPT, RFUN, RFDW-RM, RFDW-SM, RFPR-12, RFDL-11, RFKF-TB, RFKB-FB]
Europe	CE	AMAX panel 2100, AMAX panel 3000

# Parts included

Quantity	Component
1	AMAX panel 3000 including integrated PSTN communicator
1	Enclosure
1	Transformer
1	Tamper switch
1	Terminal block for power supply
1	Hardware accessory pack: EOL resistors
1	Operation Manual

# **Technical specifications**

# Electrical

Power supply type	EN = A
Transformer	
Transformer input in VAC	230
Transformer output in VAC	18
Transformer AC power in VA	20
Transformer fuse in mA	500
AC input	
Minimum operating voltage in VDC	195
Maximum operating voltage in VDC	253
Line voltage frequency in Hz	50
DC output	
DC output maximum ourrent for	1100

Zones	
Zone 1	Single or dual end-of-line (EOL 2,2KΩ) NC, NO
Zone 2 - 16 COM	7 Single or dual end-of-line (EOL 2,2KΩ) NC, NO
Tamper	Enclosure tamper input (does not reduce point capacity)
Option bus	
Dimensions in mm	4 wire, Ø 0.6 - 1.2
Maximum cable length in m	200 (panel to last keypad)
Maximum bus length in m	700 (maximum 14 devices, maximum 8 keypads)

# Environmental

Minimum operating temperature in °C	-10
Maximum operating temperature in °C	55
Minimum relative humidity in %	10
Maximum relative humidity in %	95
Protection class	IP 30, IK 06

# **Ordering information**

# ICP-AMAX3-P1 Intrusion panel, en/pl/tr/hu

Language package 1: English, Polish, Turkish, Hungarian Not certified according to European standards Order number ICP-AMAX3-P1

#### Accessories

#### IUI-AMAX-LCD8 LCD keypad, 8-zone

AMAX keypad 2000 D8, 8 zones LCD icon keypad Order number IUI-AMAX-LCD8

## IUI-AMAX3-LED8 LED keypad, 8-zone

AMAX keypad 3000 L8 is a 8 zone LED keypad Certification: EN 50131-3 Grade 2 Order number IUI-AMAX3-LED8

#### IUI-AMAX3-LED16 LED keypad, 16-zone

AMAX keypad 3000 L16 is a 16 zone LED keypad Certification: EN 50131-3 Grade 2 Order number IUI-AMAX3-LED16

#### IUI-AMAX4-TEXT Text keypad

AMAX keypad 4000 T, LCD text keypad, two lines with each 18 characters Order number **IUI-AMAX4-TEXT** 

# ICP-AMAX3-PCBP4 PCB board , en/fr/es/pt

Mainboard for AMAX panel 3000 Language package 4: English, French, Spanish, Portuguese Order number ICP-AMAX3-PCBP4

#### DX2010 Input expander, 8-zone

Zone expansion module with 8 DEOL zone inputs Order number **DX2010** 

#### DX3010 Output expander, 8-relay

Package includes only the DX3010 board Order number **DX3010** 

AE20EN Enclosure for module w/tamper skirt, EN AE20EN plastic enclosure for DX2010/DX3010 Order number AE20EN

**B426-M Ethernet communication module, mobile** Supports Ethernet communication for remote programming and mobile apps on AMAX and Solution Series control panels Order number **B426-M** 

#### B450-M Plug-in communicator interface, mobile

Supports cellular communication for remote programming and mobile apps on AMAX and Solution Series control panels Order number **B450-M** 

#### B442 Plug-in cellular module, GPRS

Multi-function cellular communicator that provides IP communication over a (GPRS) cellular network Order number **B442** 

# B443 Plug-in Cellular, HSPA+ (3G+)

Multi-function 3G/4G cellular communicator providing IP communication over a GPRS/EDGE/UMTS/HSPA+ cellular network Order number **B443** 

## ICP-EZPK Programming key

Blue key for transferring configurations to and from Easy Series and AMAX panels Order number **ICP-EZPK** 

#### ICP-EZRU-0106 ROM UPDATE KEY - EZ V1

Green key for upgrading the panel firmware Order number ICP-EZRU-0106

#### **RFRC-OPT Wireless option bus interface**

A wireless receiver that connects RADION wireless peripherals such as the repeater, as well as detectors and transmitters, to supported Bosch control panels. For use in Europe. Order number RFRC-OPT
