Video is essential to security systems and highly effective in providing orientation and vital details in alarm situations. The foyers, entrances, parking lots, perimeters and high-security areas of modern enterprises are now unthinkable without them.

**System overview**

The video extension brings the power of video to your BIS Compact installation, displaying alarm images triggered by an intrusion, or monitoring sensitive locations within a site. It enhances the BIS Compact user interface with a number of video-specific views and dialogs.

Video functionality provides the clear picture that operators need to assess and combat dangerous incidents with maximum efficiency.

**Functions**

The Video Extension provides the following enhancements to BIS Compact:

**Video subsystems:**
- Integration, controlling and monitoring of Bosch video recording systems
- Integration, controlling and monitoring of Bosch IP cameras, with live streaming
- BVIP, SD, HD and MP cameras (PTZ and fixed)
- Continuous monitoring and health check of Bosch video devices
- DIVAR IP recorders
- Integration of analog cameras

**Additional video-specific displays in the user interface:**
- Simultaneous display of different video formats, such as JPEG, Wavelet, MPEG2/4, CIF/4CIF, H.264 etc.
- Camera selection and control from the location map or device overview tree.
- Live and archive images from different sources displayable simultaneously.
- Direct linking from the alarm entries in the video event log to alarm archives.
- Time-based search and filtering of alarm archives.
- Convenient cameo controls, such as maximize, digital zoom, in-window PTZ, etc.
- Storage of reference images for comparison with live images.
Digital zoom function for each camera image
  • Privacy zones feature for masking sensitive areas within live images

Technical specifications

The Video Extension includes the following parts

<table>
<thead>
<tr>
<th>Qty.</th>
<th>Components</th>
</tr>
</thead>
<tbody>
<tr>
<td>20</td>
<td>Video channels licensed for use with Bosch video IP devices Default configuration with specific user settings</td>
</tr>
</tbody>
</table>

The Video Extension must be ordered with a BIS Compact basic package when starting with a new system, or alone when extending an existing system with video functionality.

Ordering information

**BIS-FCMP-VIE47 Video extension**
License for the BIS Compact Video Extension
Order number Asset Key Vepos
BIS-FCMP-VIE47 | F.01U.363.041 | 6024 | 9964

**BIS-FCMP-VIE46 Video extension**
Extension to BIS Compact offering powerful video functionality for alarm-triggered or continuous surveillance and recording.
Order number Asset Key Vepos
BIS-FCMP-VIE46 | F.01U.351.064 | 6024 | 9964

**BIS-FCMP-VIE45 Video extension**
Extension to BIS Compact offering powerful video functionality for alarm-triggered or continuous surveillance and recording.
Order number Asset Key Vepos
BIS-FCMP-VIE45 | F.01U.346.084 | 6024 | 7524

**BIS-FCMP-VIE44 BIS Compact 4.4 Video Extension**
Extension to BIS Compact offering powerful video functionality for alarm-triggered or continuous surveillance and recording.
Order number Asset Key Vepos
BIS-FCMP-VIE44 | F.01U.333.282 | 6024 | 9822

**BIS-FCMP-VIE43 BIS Compact 4.3 Video Extension**
Extension to BIS Compact offering powerful video functionality for alarm-triggered or continuous surveillance and recording.
Order number Asset Key Vepos
BIS-FCMP-VIE43 | F.01U.327.523 | 6024 | 9723

**BIS-FCMP-VIE42 License for video extension**
Extension to BIS Compact offering powerful video functionality for alarm-triggered or continuous surveillance and recording.
Order number Asset Key Vepos
BIS-FCMP-VIE42 | F.01U.320.418 | 6024 | 9668
