DCNM-CB250-I System installation cable 250m

The System Installation Cable is used for creating custom length system installation cables. The system installation cable can be used to make cables with a maximum length of 100 m (328 ft) by terminating with the connectors for solid core cables (DCNM-CBCON-I) using the system cable toolkit (DCNM-CBTK). The cables are solid core which provides better performance for cable lengths over 5 meter.

Ordering information

DCNM-CB250-I System installation cable 250m
250 m (820 feet) cable for creating custom length system installation cables. To be used with DCNM-CBCON-I and DCNM-CBTK.
Order number DCNM-CB250-I | F.01U.332.022

Accessories

DCNM-CBCON-I Connectors for solid core cable
Connectors (blue) for creating custom length DICENTIS cables with solid core. To be used with the DCNM-CBxx-I and DCNM-CBTK.
Order number DCNM-CBCON-I | F.01U.272.862

DCNM-CBTK Toolkit for connectors and cables
Toolkit for creating custom lengths of DICENTIS system cables. Two tools used for attaching system installation/network connectors to a custom length of system installation cable or cable assemblies.
Order number DCNM-CBTK | F.01U.274.860
