

## DCNM-LMS Presenter license

### DICENTIS

The DICENTIS Media Sharing makes it possible to share the display of a remote presentation computer to all displays of the DICENTIS Multimedia devices. The chairperson or meeting manager can activate the presentation mode using the Meeting Application or using DICENTIS Multimedia devices. When the presentation mode is activated the screen of a remote presentation computer is streamed via the network to all DICENTIS Multimedia devices.

#### Functions

When a chairperson or a meeting manager activates the presentation mode, all screens of the DICENTIS Multimedia devices automatically show the screen of the remote presentation computer. Enabling the presentation mode can be done from the Meeting Application, or from a DICENTIS Multimedia device with the correct authorizations.

The media sharing is very easy to use, and requires no configuration. Only a small application needs to be started on the remote presentation computer, and does not require any installation procedures. The person who wants to share the display of the remote presentation computer just connects to the server running the DICENTIS software and starts the small application.

#### Parts included

Quantity	Component
1	E-mail with license activation information.

- ▶ Media sharing from remote presentation computer
- ▶ Shared screen is auto scaled

#### Technical specifications

Single PC system running server software and meeting application:	<ul style="list-style-type: none"> <li>• Windows server 2008 R2 64 bits, or:</li> <li>• Windows server 2012 R2 64 bits (including .NET Framework 3.5 feature): <ul style="list-style-type: none"> <li>– Processor i7 4 cores 2.5 GHZ.</li> <li>– 16 GByte RAM.</li> <li>– 20 GB free disk space.</li> <li>– 1 GB Ethernet card.</li> </ul> </li> </ul>
PC running the server software in a multi-PC system:	<ul style="list-style-type: none"> <li>• Windows server 2008 R2 64 bits, or:</li> <li>• Windows server 2012 R2 64 bits (including .NET Framework 3.5 feature): <ul style="list-style-type: none"> <li>– Processor i7 4 cores, 2.5 GHZ.</li> <li>– 16 GByte RAM.</li> <li>– 20 GB free disk space.</li> <li>– 1 GB Ethernet card.</li> </ul> </li> </ul>
PC running the meeting application only:	<ul style="list-style-type: none"> <li>• Windows 7 home premium 64 bits, or</li> <li>• Windows 8.1 Pro/Windows 10 Pro 64 bits (including .NET Framework 3.5 feature): <ul style="list-style-type: none"> <li>– Processor i5 4 cores, 2.4 GHZ.</li> <li>– 8 GByte RAM.</li> </ul> </li> </ul>

- 20 GB free disk space.
- 1 GB Ethernet card.
