DCNM-SERVER2 System server

DICENTIS

The DICENTIS System server uses Intel's newest generation microarchitecture and Microsoft Windows Telecommunications Server Operating System to deliver high performance and stability for conference applications.

Perfect for any environment
Due to its versatile design, the DICENTIS System server can be mounted in any environment, from the conference room to the data center.

Unparalleled power
Super-fast CPU and Solid State Disk to optimize performance.

System overview

Reduced installation time
Reduced installation time on-site due to pre-installed and configured Windows Server® 2019 for Embedded Systems - Telecommunications (16 Core), pre-installed DICENTIS Conference System software, and pre-configured DHCP server.

The DICENTIS System server is a workstation based solution that provides the highest level of performance with a remarkably small device.

- Intel® Core ™ i7 10700 processor (2.9 GHz, up to 4.7 GHz with Intel® Turbo Boost technology, 16 MB cache, 8 cores)
- 16 GB DDR4-3200 SODIMM NECC (2 x 8 GB)
- 256 GB HP Z Turbo Drive 2280 TLC® SSD
- 2x 1 Gbps Ethernet adapters

Next-level performance with a remarkably small and versatile device for DICENTIS Conference Systems up to 750 devices

Pre-installed and configured Windows Server OS, DICENTIS software and DHCP server to reduce installation time

With 2 Ethernet ports to separate the DICENTIS network from the office network

Solid state disk to reduce boot time and increase reliability

Can be mounted under a desk, behind a display or in a rack

Certifications and approvals

RoHS Compliant with the European Union’s Restrictions of Hazardous Substances (RoHS) Directive 2011/65/EU

WEEE Designed to comply with the Waste Electrical and Electronic Equipment (WEEE) Directive–2002/96/EC

ISO 11469 ISO 1043 Plastic parts used in the product weighing over 25 g are marked per ISO 11469 and ISO 1043

Contains 0% recycled materials (by weight)

Product is >90% recyclable when properly disposed of at end-of-life

Installation/configuration notes

Notice

The DICENTIS System server comes with Windows Server® 2019 for Embedded Systems - Telecommunications (16 Core) and DICENTIS Conference System software pre-installed. The DICENTIS System server is not marketed as a general purpose computing device (such as a personal computer) or a general purpose server, or a commercially viable substitute for one of these systems.
Notice

The Next Business Day on-site service level can only be provided if the respective system has been registered within eight weeks after receipt. Otherwise, service will be provided based on best effort. Information about registration details is available in every shipment (registration form) or from the Bosch online product catalog. Next Business Day Services cannot be provided in every country everywhere. For limitations and exceptions see the registration details in the registration form.

Notice

DCNM-LSYS needs to be ordered separately.

Notice

Mounting accessories for the DICENTIS System server can be purchased from HP.

### Mechanical

- Dimensions (H x W x D): 58 mm x 216 mm x 216 mm (2.28 in. x 8.5 in. x 8.5 in.)
- Weight: 3.03 kg

### Environmental

- Operating temperature (°C): 5 °C – 35 °C (40 °F – 95 °F)
- Storage temperature (°C): -40 °C – 60 °C (-40 °F – 140 °F)
- Operating relative humidity, non-condensing (%): 10% – 85%

General technical specifications for the workstation are provided in the Z2 Mini G5 Workstation QuickSpecs (DA - 16683 Worldwide - Version 2 - September 9, 2020).
