

# DCN-DS Discussion device with short microphone

www.boschsecurity.com

**BOSCH**  
Invented for life

- ▶ Low susceptibility to mobile phone interference
- ▶ Compact, attractive and ergonomic design
- ▶ Fixed microphone
- ▶ Built-in loudspeaker
- ▶ Usable as delegate or chairman unit

The Delegate Unit with fixed microphone enables participants to speak, register a request-to-speak and listen to the speaker. The microphone stem is flexible. The unit also accommodates two headphone connections, so the speaker can be heard clearly even in situations with excessive background noise. The built-in loudspeaker is muted when the microphone is on to prevent acoustic feedback.

## Functions

- Headphone output level reduction to prevent acoustic feedback (active when listening to the floor and when the microphone is on)
- The unit can be used as a delegate unit or as a chairman unit (DCN-DBCM chairman buttons to be ordered separately)
- To lock the loop-through cable, a cable clamp is available (DCN-DISCLM, to be ordered separately)
- The unit is available with two different microphone lengths

## Controls and Indicators

- Microphone with red or green indicator

- Microphone button with a red, green or yellow illuminated LED. Red indicates microphone is active, green indicates request-to-speak accepted, and yellow indicates 'VIP'
- VIP indicator is lit when the delegate is part of the notebook (only available if PC Software is used)
- Headphone volume control buttons
- Recessed 'De-init' switch

## Interconnections

- Two 3.5 mm (0.14 in) stereo jack type headphone sockets
- 2 m (78.7 in) cable terminated within a molded six-pole circular connector
- Six-pole circular connector for loop-through connections

## Certifications and approvals

| Region | Regulatory compliance/quality marks |                |
|--------|-------------------------------------|----------------|
| Europe | CE                                  | DECL EC DCN-DS |

**Parts included**

| Quantity | Component                                      |
|----------|--|
| 1        | DCN-DS Discussion device with short microphone |

**Technical specifications****Electrical**

|                          |                   |
|--------------------------|-------------------|
| Frequency response       | 30 Hz to 20 kHz   |
| Headphone load impedance | > 32 Ohm < 1k Ohm |
| Output power             | 2 x 15 mW/32 Ohm  |

**Mechanical**

|                        |                                       |
|------------------------|---------------------------------------|
| Mounting               | Tabletop (portable or fixed mounting) |
| Dimensions (H x W x D) | (without microphone)                  |

|                   |  |
|-------------------|--|
| Tabletop          | 60 x 210 x 140 mm<br>(2.36 x 8.27 x 5.51 in) |
| Microphone length | 312.3 mm (12.30 in)                          |
| Weight            | 1.2 kg (2.65 lb)                             |
