

DCN-DV Discussion device with voting

www.boschsecurity.com

BOSCH

Invented for life

- ▶ Low susceptibility to mobile phone interference
- ▶ Compact, attractive and ergonomic design
- ▶ Five voting buttons
- ▶ Built-in loudspeaker and pluggable microphone
- ▶ Usable as delegate or chairman unit

This Delegate Unit with Voting enables participants to speak, register a request-to-speak, listen to the speaker and vote. A socket is provided to connect the pluggable microphones (DCN-MICS and DCN-MICL, to be ordered separately). The unit has five voting buttons for all types of voting. The yellow indicator rings around the voting buttons are used to prompt users to register their presence, to start voting and to confirm their votes. When the unit's attendance LED is yellow, it indicates the delegate is present.

Functions

- Headphone output level reduction to prevent acoustic feedback (active when listening to the floor and when the microphone is on)
- The unit accommodates two headphone connections, so the speaker can be heard clearly even in situations with excessive background noise
- The built-in loudspeaker is muted when the microphone is on to prevent acoustic feedback
- The unit can be used as a delegate unit, as a chairman unit (DCN-DBCM chairman buttons to be ordered separately) or as a delegate unit with auxiliary button. The auxiliary button is a versatile function, which can be used as an usher call for example

- To lock the loop-through cable, a cable clamp is available (DCN-DISCLM, to be ordered separately)
- The unit is available in a dark colored base

Controls and Indicators

- Five voting buttons with indicator rings around the buttons
- Unit activity/delegate presence indicator
- Microphone button with a red, green or yellow illuminated LED. Red indicates microphone is active, green indicates request-to-speak accepted, and yellow indicates 'VIP'
- VIP indicator is lit when the delegate is part of the notebook (only available if PC Software is used)
- Headphone volume control buttons
- Recessed 'De-init' switch

Interconnections

- Socket for pluggable microphone
- Two 3.5 mm (0.14 in) stereo jack type headphone sockets
- 2 m (78.7 in) cable terminated within a molded six-pole circular connector
- Six-pole circular connector for loop-through connections

Certifications and approvals

Region	Regulatory compliance/quality marks	
Europe	CE	DECL EC DCN-DV

Parts included

Quantity	Component
1	DCN-DV Discussion device with voting

Technical specifications**Electrical**

Frequency response	30 Hz to 20 kHz
Headphone load impedance	> 32 Ohm < 1k Ohm
Output power	2 x 15 mW/32 Ohm

Mechanical

Mounting	Tabletop (portable or fixed mounting)
Dimensions (H x W x D)	(without microphone)

Tabletop	60 x 210 x 140 mm (2.36 x 8.27 x 5.51 in)
Weight	1.15 kg (2.54 lb)
Color top	Black (RAL 9017)
Color rear	Silver (RAL 9006)

Ordering information**DCN-DV Discussion device with voting**

DCN Next Generation delegate unit with voting selector, pluggable microphone, dark. Microphone to be ordered separately.

Order number **DCN-DV**
