

# Easy Series Voice Modules

[www.boschsecurity.com](http://www.boschsecurity.com)

**BOSCH**

Invented for life

Easy Series voice modules allow the IUI-EZ1 Oval Control Center to provide spoken instructions and information. Bosch offers voice modules in 34 languages. Each voice module uses a female voice. For ultimate flexibility, specific Easy Series kits do not include voice modules. The voice module in a preferred language can be ordered separately and used in the system.

## System overview

<b>Europe, Middle East, and Africa</b>				
Language	Kit Commercial Type Number	Power	Tamper	Voice Module Commercial Type Number
None <sup>1</sup>	ICP-EZ2AWT-00	Wire-in, 100 V to 250 V	Yes	None <sup>1</sup>

<sup>1</sup> Requires a separately purchased voice module for operation.

<sup>2</sup> Requires a separately purchased voice module, power supply, and enclosure for operation.

### Ordering information

#### Arabic Voice Module

Arabic language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ARF**

#### Australian Voice Module

Australian English language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ENAU**

#### British Voice Module

British English language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ENUKF**

#### Bulgarian Voice Module

Bulgarian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-BGF**

#### Cantonese Voice Module

Cantonese language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ZHHKF**

#### Croatian Voice Module

Croatian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-HRF**

#### Czech Voice Module

Czechoslovakian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-CSF**

#### Danish Voice Module

Danish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-DAF**

#### Dutch Voice Module

Dutch language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-NLF**

#### English Voice Module

English language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ENF**

#### Finnish Voice Module

Finnish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-FIF**

#### Flemish Voice Module

Flemish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-NLBEF**

#### French Voice Module

French language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-FRF**

#### German Voice Module

German language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-DEF**

#### Greek Voice Module

Greek language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ELF**

#### Hungarian Voice Module

Hungarian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-HUF**

**Italian Voice Module**

Italian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ITF**

---

**Japanese Voice Module**

Japanese language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-JAF**

---

**Korean Voice Module**

Korean language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-KOF**

---

**Mandarin Voice Module**

Mandarin language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ZHF**

---

**Norwegian Voice Module**

Norwegian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-NOF**

---

**Polish Voice Module**

Polish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-PLF**

---

**Portuguese [Latin American] Voice Module**

Latin American Portuguese language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-PTBRF**

---

**Portuguese [European] Voice Module**

Portuguese language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-PTF**

---

**Romanian Voice Module**

Romanian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ROF**

---

**Russian Voice Module**

Russian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-RUF**

---

**Serbian Voice Module**

Serbian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-SRF**

---

**Slovak Voice Module**

Slovak language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-SKF**

---

**Slovenian Voice Module**

Slovenian language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-SLF**

---

**Spanish [Latin American] Voice Module**

Latin American Spanish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ESLXF**

---

**Spanish [European] Voice Module**

Spanish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-ESF**

---

**Swedish Voice Module**

Swedish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-SVF**

---

### Thai Voice Module

Thai language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-THF**

---

### Turkish Voice Module

Turkish language module programmed with a female voice. Works as part of the Easy Series Intrusion Control Panel system to provide spoken instructions and information.

Order number **ICP-EZV2-TRF**
