

Learn Mode Pendant Panic Sensor

www.boschsecurity.com

BOSCH
Invented for life

- ▶ Can be supervised
- ▶ Recessed panic button prevents false alarms
- ▶ Neck cord included
- ▶ Fits in a holster (separate option)

The Learn Mode Pendant Panic Sensor is activated by pressing a recessed button at the end of sensor. Users can wear the sensor around the neck or in a holster for added comfort and convenience.

Functions

Learn Mode Technology

Each device has a unique, programmed identity. Control panels recognize and learn the identity of each device in the system, eliminating programming errors in the field.
