Installation manual

1 Installation steps

To install the Bosch Revit 3D View Creator 2017 add-in, obey the following steps:

1. Double click the file **Bosch_Revit_3D_View_Creator_2017.msi**.

Figure 1.1: Example of the Bosch Revit 3D View Creator 2017 add in installation file in the desktop

2. During the installation process, obey the instructions by clicking **Next** and retaining the default values.

Notice!

You may need administrative rights to proceed with the installation.

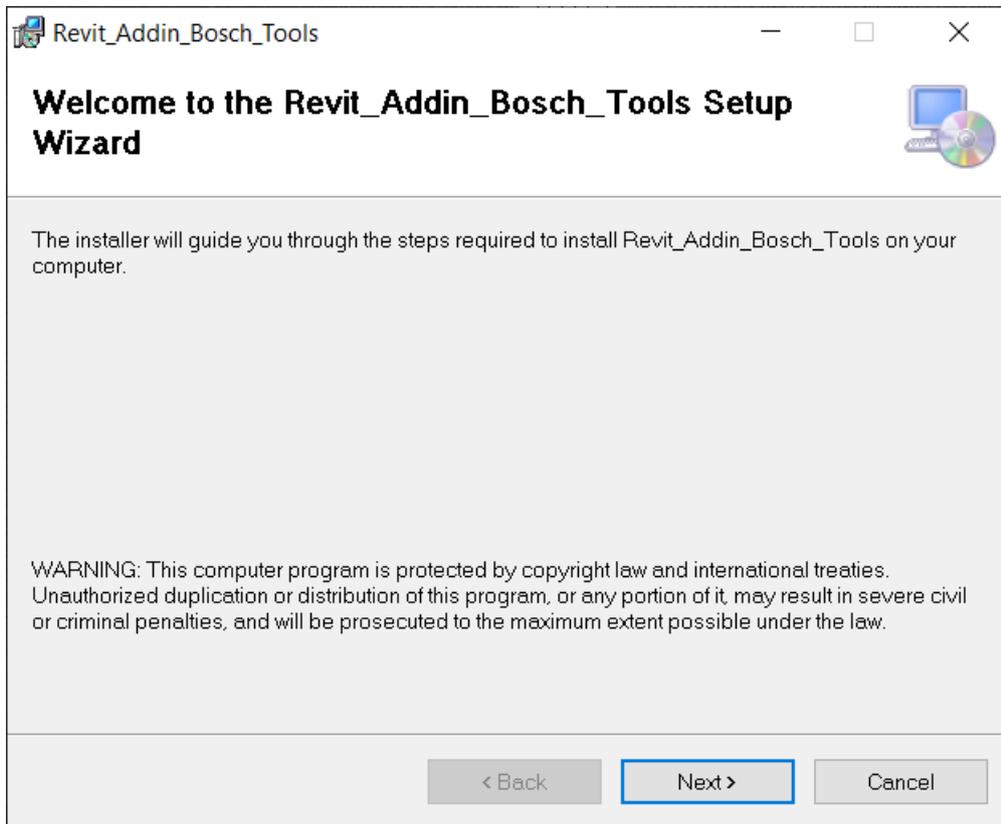

Figure 1.2: Installation wizard for the Bosch Revit 3D View Creator 2017 add in

- After the installation is complete, click **Close** in the installation wizard.

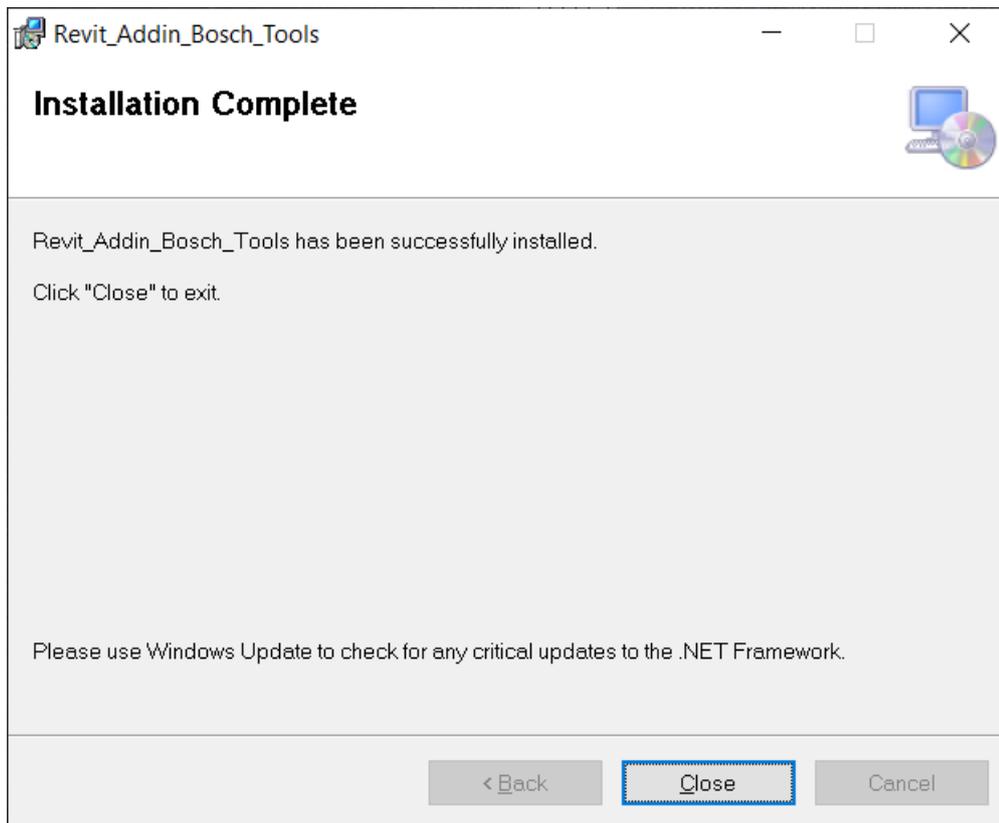

Figure 1.3: Last screen of the installation wizard for the Bosch Revit 3D View Creator 2017 add in

- Open Revit 2017.
 - A popup window appears the first time Revit 2017 is open after installing the Bosch Revit 3D View Creator 2017 add-in. This confirms that Revit detected the add-in files.
- Click the **Always Load** button.

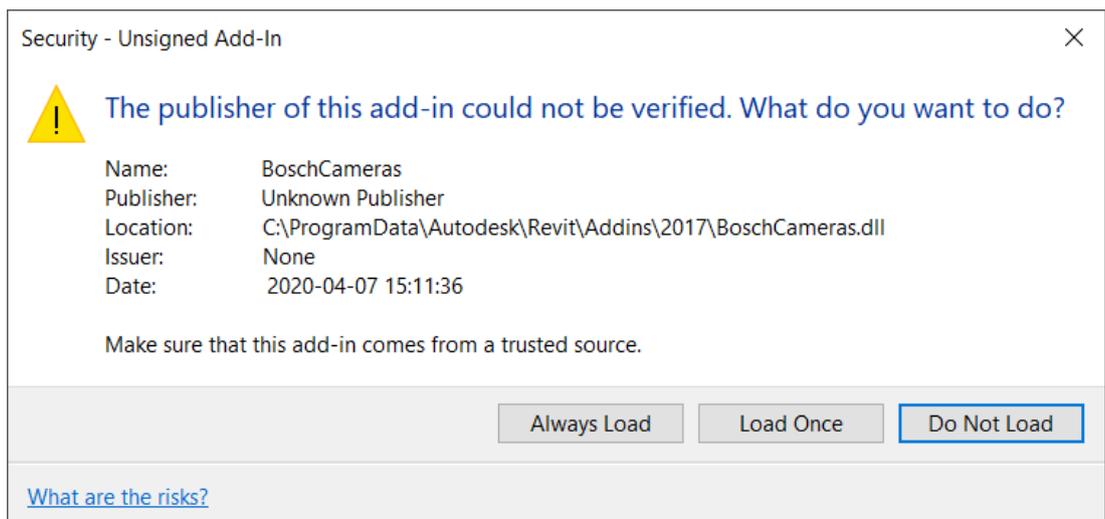

Figure 1.4: Popup that appears when opening Revit 2017 for the first time after a successful installation of the Bosch Revit 3D View Creator 2017 add-in

The add-in is now ready to use.
