The IntuiKey Series keyboards are full function, multipurpose keyboards used for system control and programming. The IntuiKey includes an integral variable speed pan/tilt/zoom (PTZ) joystick and a splash resistant design. An optional rack mount kit allows the IntuiKey to be mounted in a standard EIA 48 cm (19 in.) rack.

### Functions

The IntuiKey Digital Keyboard is available in two models, KBD-Universal and KBD-Digital. The Universal version can be connected to an Allegiant switcher and either Divar Digital Video Recorders or System4 Multiplexers at the same time. This capability eliminates the need for multiple keyboards. The KBD-Digital version supports Divar Digital Video Recorders and System4 Multiplexers. Both types can be used with the Bosch VMS and with the VIDOS video management systems.

The IntuiKey accepts both the standard Allegiant RS-485 Keyboard protocol and the Allegiant RS-232 protocol. The Allegiant RS-232 Keyboard protocol is well suited when communicating to a remote KBD-Universal over an IP network.

The IntuiKey can also operate in a Terminal mode using a special RS-232 protocol. This mode allows third-party integrators and internal developers to use the IntuiKey as a customizable user interface.² The main Allegiant switcher, the Divar Digital Video Recorder, or the System4 Multiplexer provides power when used in a local configuration. At remote distances, an optional auxiliary power supply (sold separately) provides power.

The keyboard is connected to a system using a supplied 3 m (10 ft) cable. Simply attach the keyboard and the system is operational. No additional programming is required.

The IntuiKey’s soft keys provide a menu-driven system for ease of use. The soft keys make it easy for new operators to program and control even the largest systems without memorizing system commands. The IntuiKey features a quick selection menu function, providing immediate access to the most commonly used screen displays.

The IntuiKey also features a user-friendly menu tree approach for programming all advanced system and camera settings. Languages available via the IntuiKey unit are English, Spanish, Dutch, French, German, Italian, Polish, Portuguese, Turkish, Hungarian, Swedish, Finnish, and Danish. Additional languages
can be downloaded from the IntuiKey section of www.boschsecurity.us. The additional languages are: Norwegian, Greek, Czech, Russian, Slovak, Arabic, Simplified Chinese, Traditional Chinese, Korean, and Japanese.

1. Contact your local Bosch Security System sales representative for details about obtaining Terminal mode protocol information.

## Optional Software

**IntuiKey Script Application (ISA)**

The IntuiKey Script Application is a PC-based software program used to customize the macro buttons in the Command Script menu screens of the KBD-Universal model keyboard. Command Script macro functions are applicable when the keyboard is connected to an Allegiant series matrix switcher.

### Requirements

- Pentium-class PC with Windows NT, 2000, XP, Vista (32 or 64 bit), or Windows Server 2003;
- One (1) serial port;
- IntuiKey firmware v1.94 or later

### Availability

Download software from the IntuiKey section at www.boschsecurity.com

## Ordering information

**KBD-Universal Keyboard**
IntuiKey Universal Keyboard for use with Allegiant, Divar, System4 Multiplexers, Bosch VMS, and VIDOS
Order number **KBD-UNIVERSAL**

**KBD-Digital Keyboard**
IntuiKey Digital Keyboard for use with Divar Digital Video Recorders, System4 Multiplexers, Bosch VMS, and VIDOS
Order number **KBD-DIGITAL**

Accessories

KBD-120PS Power Supply Unit
120 VAC/12 VDC, 600 mA, 50/60 Hz power supply and power cable
Order number KBD-120PS

KBD-220PS Power Supply Unit
220-240 VAC/12 VDC, 600 mA, 50/60 Hz power supply and cable
Order number KBD-220PS

LTC 8557/50 Keyboard Extension Kit
Hook-up kit for remote keyboard, up to 1.5 km (5000 ft), includes power supply for 230 VAC, 50 Hz
Order number LTC 8557/50

LTC 8557/60 Keyboard Extension Kit
Hook-up-kit for remote keyboard, up to 1.5 km (5000 ft), includes power supply for 120 VAC, 60 Hz
Order number LTC 8557/60

LTC 8558/00 Keyboard Cable
length 30 m (100 ft)
Order number LTC 8558/00

KBD-RACK
Rack mount kit for KBD-Universal and KBD-Digital, 48 cm (19 in.) EIA standard rack unit; W x H: 428 x 220 mm (19 x 8.75 in.); 1 kg (2 lb)
Order number KBD-RACK
