The LBB 1930/20 is a powerful 120 W power amplifier in a 2U high 19" case for rack mounting or tabletop use. LEDs on the front panel show the status of the amplifier: power, audio output level, and supervised functions. This high-performance unit fulfills a wide range of public address requirements at a surprisingly low cost.

**Functions**

**Dependability**
The amplifier is protected against overload and short circuits. A temperature-controlled fan ensures high reliability at high output levels and low acoustic noise at lower output levels. An overheat protection circuit switches off the power stage and activates an LED on the front panel, if the internal temperature reaches a critical limit due to poor ventilation or overload.

The unit operates both on mains power and on a 24 V battery power supply for emergency back up, with automatic switchover.

For emergency and evacuation use, the following functions are monitored: mains presence, battery present, pilot tone presence, amplifier operation. Front panel LEDs indicate the status of supervised functions. The LEDs of pilot tone supervision and battery status can be switched off for general public address use. Failsafe (normally energized) relays are provided for each supervised function. These relays are always active regardless of the switches on the rear panel.

**Input**
The system has two balanced inputs with priority control, each with a loop-through facility. This makes it easy to connect remote systems that require priority control. An additional 100 V line input is provided to connect the amplifier to a 100 V loudspeaker line to provide more power to remote locations.

Gain or level control is located on the rear of the unit to avoid accidental setting change. A meter with LED-bar shows the output level.

**Output**
The amplifier has 70 V and 100 V outputs for constant voltage loudspeaker systems, and a low impedance output for 8 ohm loudspeaker loads.

The LBB 1930/20 has two separate priority controlled 100 V outputs for zones that only need announcements made via the priority input, and for zones that will not receive announcements made via the priority input.
Controls and indicators

Front
- Meter (LED’s for -20, -6, 0 dB and Power ON)
- Battery operation indicator
- Overheat indicator

Back
- Level control input 1
- Level control input 2
- Power button
- Mains switch

Interconnections

Back
- Priority line input 1 (XLR/balanced)
- Line loop-through 1 (XLR/balanced)
- Program line input 2 (XLR/balanced)
- Line loop-through 2 (XLR/balanced)
- Priority controlled loudspeaker output terminals
- 24 VDC power supply terminal
- Three loudspeaker direct output terminals
- Two 100 V slave input terminals
- Input 2 enable control terminal
- Input 1 priority control terminal
- Earth connection screw
- Mains socket

Certifications and approvals

Safety acc. to EN 60065
Immunity acc. to EN 55103-2
Emission acc. to EN 55103-1

Region Regulatory compliance/quality marks
Europe CE LBB1930/20

Performance

- Output power (rms/maximum) 120 / 180 W
- Power reduction on backup power -1 dB
- Frequency response 50 Hz to 20 kHz (+1 / -3 dB at -10 dB ref. rated output)
- Distortion <1% at rated output power, 1 kHz
- S/N (flat at max volume) >90 dB
- Line inputs 2 x
- Connector 3-pin XLR, balanced
- Sensitivity 1 V
- Impedance 20 kohm
- CMRR >25 dB (50 Hz to 20 kHz)
- Gain 40 dB

100 V input

- Connector Screw, unbalanced
- Sensitivity 100 V
- Impedance 330 kohm
- Line loop-through output 2 x
- Connector 3-pin XLR
- Nominal level 1 V
- Impedance Direct connection to line input

Loudspeaker outputs

- Connector Screw, floating
- Direct output 100 V, 70 V, 8 ohm
- Priority only (from input 1) 100 V or 70 V internally selectable
- Music (non-priority) only 100 V or 70 V internally selectable

Power consumption

Mains operation

- Max power 274 W
- -3dB 193 W
- -6dB 143 W
- Pilot tone* 41 W
- Idle 18 W

24 VDC operation

- Max power 7.0 A (168 W)

## Ordering Information

**LBB1930/20 Power amplifier, 1x120W**
120 W power amplifier in a 2U-high, 19” case for rack mounting or tabletop use.
Order number **LBB1930/20**

**Services**

**EWE-PLNAMP-IW 12mths wrty ext. Plena Power Amp**
12 months warranty extension
Order number **EWE-PLNAMP-IW**
