Issue severity

- High. Act immediately
- Medium. Bosch Security Systems strongly recommends you take the action described below.
- Low. Advisory

Products affected

- B8512G, B9512G (v3.08.xx, v3.09.xx)

January 08th, 2020

Issue

When using the Fire Drill button on a B925F or B926F keypad, the Fire Drill will not follow the programmed Fire Drill Duration parameter.

Resolution

The Fire Drill will only flash and not keep sounding, to sound the Fire Bell you will need to manually activate the sounders.

This will be resolved in v3.10.xx
