## Instructions

Issue

Topic **Installation of BIS from downloaded ZIP files**

Description Steps to install BIS from ZIP files downloaded from the online product catalogue.

1. Download all the ZIP files marked “mandatory”. Each contains a folder called **\_Install**.
2. Click one of the links marked “language-specific selection” to download the ZIP file for the desired language. This also contains a folder called **\_Install**.
3. Unpack all these **\_Install** folders into the same **\_Install** folder, making sure that the destination file path is local and short, e.g. C:\temp\\_Install1\  
—
4. You should obtain a similar folder hierarchy to the one illustrated, whereby your language folder may vary (here **1033\_en** i.e. English).

5. With administrator rights, execute **setup.exe** in the **\_Install** folder.
6. Follow the instructions given by the installation program and the Quick Installation Guide.
